

BAHN IGNITION SWITCH COVER '07-'13 TOURING

7237

THANK YOU FOR CHOOSING KÜRYAKYN!

PROTECT YOURSELF AND OTHERS FROM POSSIBLE INJURY AND PROPERTY DAMAGE OR LOSS. PAY CLOSE ATTENTION TO ALL INSTRUCTIONS, WARNINGS, CAUTIONS, AND NOTICES REGARDING THE INSTALLATION, USE, AND CARE OF THIS PRODUCT.

WARNING	THIS INDICATION ALERTS YOU TO THE FACT THAT IGNORING THE CONTENTS DESCRIBED HEREIN CAN RESULT IN POTENTIAL DEATH OR SERIOUS INJURY.
NOTICE	This indication alerts you to the fact that ignoring the contents described herein may negatively affect product performance and functionality or damage the product itself or the product to which it is being attached.

MAKE SURE THE FOLLOWING PARTS HAVE BEEN INCLUDED IN THE KIT:

- 1 BAHN Ignition Switch Cover
- 1 VHB™ Cover Adhesive
- 1 Alcohol Pad
- 1 Installation instructions

TOOLS SUGGESTED:

Warm soapy water and a clean rag, small flat blade screwdriver or pick tool

NOTICE	These installation instructions contain important information. Ensure that the end user receives this copy and is aware of its importance for future reference.
---------------	--

STEP 1 Read and understand all steps in the instructions before starting the installation. Park the motorcycle on a hard, level surface and turn off the ignition. Remove the main fuse.

WARNING	TO PREVENT ACCIDENTAL VEHICLE START-UP, WHICH COULD CAUSE DEATH OR SERIOUS INJURY, REMOVE THE MAIN FUSE BEFORE PROCEEDING.
----------------	---

STEP 2 Refer to **PIC 1**. Using a small flat blade screwdriver or pick tool, remove the OEM emblem; discard the emblem, it will not be reused. The emblem must be removed for the Cover Adhesive to stick properly.

STEP 3 Refer to **PIC 1**. Using warm soapy water and a clean rag, remove all dirt and debris from the installation area; allow the area to dry completely. Wipe the installation area with the included Alcohol Pad to remove any wax or polish; allow the area to dry completely.

LIMITED WARRANTY

Kuryakyn warrants that any Kuryakyn products sold hereunder, shall be free of defects in materials and workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:

- Kuryakyn shall have no obligation in the event the customer is unable to provide a receipt showing the date the customer purchased the product(s).
 - The product must be properly installed, maintained and operated under normal conditions.
- Kuryakyn makes no warranty, expressed or implied, with respect to any gold plated products.
 - Kuryakyn shall not be liable for any consequential and incidental damages, including labor and paint, resulting from failure of a Kuryakyn product, failure to deliver, delay in delivery, delivery in nonconforming condition, or for any breach of contract or duty between Kuryakyn and a customer.
- Kuryakyn products are often intended for use in specific applications. Kuryakyn makes no warranty if a Kuryakyn product is used in applications other than intended.

• Kuryakyn electrical products are warranted for one (1) year from the date of purchase by the consumer. L.E.D.'S contained in components of Kuryakyn products will be warranted for defects in materials and workmanship for 3 years from the date of purchase where as all other components shall be warranted for one(1) year. This includes, but is not limited to; control modules, wiring, chrome & other components.

• Kuryakyn makes no warranty of any kind in regard to other manufacturer's products distributed by Kuryakyn. Kuryakyn will pass on all warranties made by the manufacturer and where possible, will expedite the claim on behalf of the customer, but ultimately, responsibility for disposition of the warranty claim lies with the manufacturer.

NOTICE

Ensure proper adhesion of this product. Clean the installation area of grease, oil, bugs, dirt and other debris (including wax and polish). Küryakyn **WILL NOT** issue a warranty for any improperly installed products.

Küryakyn®

Do not attempt this installation in temperatures below 50° F. Proper adhesive bonding ONLY occurs above 50° F.

STEP 4 Test fit the BAHN Ignition Switch Cover over the ignition switch. Note the alignment of the key holes for later; remove the Cover.

STEP 5 Locate the included VHB™ Cover Adhesive. Rub the backing to activate the adhesive. Remove and discard one side of the backing. Refer to **PIC 2**. Apply the VHB™ Cover Adhesive to the ignition switch; ensure that it is positioned in the recess in the switch. Press the Adhesive onto the switch for one full minute. Full bond will occur in 24 hours.

STEP 6 Remove and discard the remaining adhesive backing. Refer to **PIC 3**. Align the Cover and press it into place for one minute; full bonding will occur after 24 hours.

STEP 7 Reinstall the main fuse. Ensure proper ignition switch, neck lock, and key functions and clearance **BEFORE** operating the motorcycle.

TIPS FOR PROPER CARE:

Your new BAHN product is made out of anodized aluminum. Anodized aluminum requires special attention when cleaning. Some cleaning products or procedures can actually remove the anodized treatment which will lead to pitting in the aluminum.

Thoroughly clean the BAHN product often with a soft cloth, mild soap and water. Regular cleaning keeps contaminants from building up.

Rinse thoroughly with FRESH water.

Use only metal protection products that are formulated for anodized aluminum.

DO NOT USE bleach or chlorides to clean the BAHN product.

DO NOT USE products containing abrasives to clean the BAHN product. **Never** use steel or brass wool, wire brushes, polishing wheels, rubbing or polishing compounds on the BAHN product.

DO NOT USE concentrated alkaline based solutions to clean the BAHN product. Many detergents are alkaline based.
